THE HUB

Phoenix, Arizona

A \$37,500 MINING SUIT

An Arizona Corporation Whose Members Are Foreigners.

A mining suit involving several thousand dollars was begun in district court yesterday. The property concerned is not in this territory not are any of the litigants residents of Arizona. The parties to the suit are John McKane, a resident of Nevada, and the defendants are John M. Burke and Paul Gaston of Nevada, Watson B. Rulon and David W. Dickey of New York and the Tonopah Extension Mining company of Nevada. The company was organized under the laws of the territory.

The complaint states that Burke and Gaston secured, some years ago, an option from Thomas G. Lockhart on a group of claims in the Tonopah district. Both of them were without means to work or promote the property and they applied to the plaintiff for assistance. They took him into the transaction. He was to furnish the money for the incorporation of the company and for the promotion of the enterprise, and was to have one-third of the interest. The company was formed and a million shares of stock were issued. A part of this was turned over to Lockhart, but there was no division of the rest of it among the partners. In the meantime another man, by the name of Joe Young, turned up, claiming to have purchased the right to the property, having secured that right from Lockhart prior to the transaction between Lockhart on the one side and Burke and Gaston on the other.

A settlement was finally effected with Young, according to the terms of which 150,000 shares of the stock held by Lockhart was to be surrendered to the members of the mining company. These shares were put in the name of Burke, who subsequently went east to sell them. Burke left them with Rulon to be sold, and 300 shares were disposed of Rulon retaining a commission of 5 cents a share. Burke brought the proceeds of the sale back and made an equal division with Gaston. About this time, the plaintiff, who had received only 25,000 shares of stock, began to make inquiry regarding the rest held by Rulon and, going east, learned that the stock had already been sold to Dickey. This the plaintiff says he knows is not true, and one of the remedies he asks of the court is an injunction to prevent the transfer of this stock to Dickey. He also desires that the defendants may be compelled to turn over to him the remaining 25,000 shares, which he says are worth in the market \$27,500.

GOOD NEWS

Many Phoenix Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Phoenix are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back has been made strong by Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

H. T. Diehl, miner, of 158 E. Alameda street, Tucson, Arizona, says: "I was afflicted with Doan's Kidney Pills proved that they are everything claimed for them. In the month of February, 1902, I first felt a slight pain across the small of my back directly over the kidneys, probably caused by a cold settled in those organs. It was not serious, yet it struck me if neglected it might lead to future trouble and reading one night in a Tucson paper about Doan's Kidney Pills, my daughter went to Martin's drug store for a box. I took them as directed, and when I had completed the treatment the pain in my back disappeared. I was so surprised at the prompt and efficient relief given by Doan's Kidney Pills that I recommended them to a number of my acquaintances and even went so far as to mail a box to a friend of mine living in Oro Blanco, who had kidney trouble."

Just such emphatic endorsement can be had right here in Phoenix. Drop into the Briskley Drug Co.'s store, and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

Dr. W. M. Bell will occupy office in the new Vanilburg building No. 40 North First street. Telephone Main 36. After Dec. 5.

HOLIDAYS BUNCHED

The Consequent Hardship on Barbers This Year.

Some of the barbers of Phoenix think they have a grievance against the almanac for 1904 and they are meditating getting satisfaction out of their customers. Some years ago the barbers, by some course of reasoning which has never been fully explained, decided to turn Sundays and holidays to their advantage by charging 25 cents for a 15 cent shave and doubling up the price of a haircut accordingly on these red letter days. Nobody ever protested, but when a customer found himself in a barber chair on a holiday or a Sunday he cursed his want of forethought. If he was there for a haircut he felt like Miss Ellen Stone when she was among the Macedonian brigands awaiting the ransom.

Yesterday one of the barbers in a Washington street shop made the astounding discovery that Christmas this year falls on Sunday. He imparted this information to another barber by saying, "They're bunchin' up the holidays on us this year, and I don't know how we're going to get even." Finally one of them saw a way to avert financial disaster, and proposed to charge customers on that day 50 cents for a shave. He was asked what he thought would be a proper figure for a haircut. He replied that he was not good at big figures, but proposed that they leave that to the porter. He should be instructed to throw each customer down on his entrance, go through his pockets and then the price of the haircut could be adjusted without loss to the shop.

Woman's Exchange will have on sale every Saturday at McKee's Cash Store in great variety home cooked foods. A number of Phoenix ladies will contribute to these sales. All invited to call and supply their wants and leave orders for next sales day.

A HAPPY MOTHER

WEATHERFORD, TEXAS.

May 31, 1903.

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which inflammation and weakness have affected. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble.

Wine of Cardui cures barrenness and aids the mother in conceiving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mothers to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth.

All druggists sell \$1.00 bottles Wine of Cardui.
